## Tourist Tax

The tourist tax is the only revenue of the town that funds tourism directly. Visitors who stay overnight in hotels, campsites, rented accommodation, holiday villages and B&B's in the 2015 calendar year, must pay this tax to their accommo-

modation provider who collects it on behalf of the local authority. Contact details of the treasurer Mme Cabot - Service Financier Tél. +33 (0)4 94 08 69 47 - A copy of the Declaration form is available on the website [www.lepradet.fr/La-Tax-de-Sejour](http://www.lepradet.fr/La-Tax-de-Sejour)

## Tourism for Disabled people

The "Tourisme & Handicap" scheme aims to satisfy the needs of disabled people to choose their holiday and leisure activities without constraint. This seal of approval brings with it the guarantee of facilities adapted to cater for the

essential needs of handicapped people. The evaluation process has been developed in consultation with the associations of tourism service providers and organisations representing the handicapped community.

## Hello, my name is Posidonia

Holidaymakers or nearby residents, do you know who I am? Apparently, you don't. Very often, you criticize me and complain about me to your elected representatives. Let me introduce myself. My scientific name is POSIDONIA OCEANICA, commonly known as Posidonia.

If you look underwater, you probably got a glimpse of my elongated green-leaf hair swaying at the mercy of the waves. These tufts are called Posidonia Herbarium. My leaves dry out and are carried by the current, ending up as brownish heaps on the beach. In these masses, you can also find small fibrous balls that I lose in the autumn and which have been washed away by the sea. These natural elements prove the good health of the sea underwater world.

You may also want to know that Posidonia Herbarium protects the coast and the beaches against erosion. All the sediments on the shore help to protect our shores against the action of the sea. They form a cover which keeps the sand and protects the beach against sea blows. This is the reason why the village of Le Pradet keeps them on the beach as long as possible and, even if there is still a little left, even if I stick to your skin, I am not as dirty as you might think. I think that the water quality of the village is good and that I am here to protect what you wish to find next year for your holidays : a nice beach. So, enjoy your swim !
